

SHAPING THE FUTURE OF LIGHT...

At Hybec Deco, we illuminate spaces with a vision of innovation and elegance. Our designs are created not just for today, but to define the trends of tomorrow, bringing light, style, and sophistication together seamlessly.

We specialize in crafting premium chandeliers and decorative lights that transform interiors into timeless expressions of art. Every piece reflects our commitment to exceptional design, refined craftsmanship, and uncompromising quality, where luxury meets functionality.

From modern minimalism to classic grandeur, our collections are thoughtfully curated to suit diverse aesthetics. Each creation is designed to not only enhance illumination, but to stand as a striking centerpiece, elevating every space with a distinctive and captivating ambiance.

At Hybec Deco, lighting goes beyond function, it becomes an experience. Where every glow tells a story of elegance, beauty, and enduring style.

About us

Hybec Deco has been consistently illuminating spaces with innovative designs. Our cutting-edge products not only meet today's needs but also anticipate tomorrow's trends, guiding the way to a brighter future.

Our company specializes in crafting premium Chandeliers and decorative wall lights that transform spaces into elegant works of art. With a commitment to exceptional design and quality, we create lighting solutions that blend luxury with functionality. Each piece is meticulously crafted to not only illuminate but to serve as a centerpiece of style and sophistication. From modern minimalism to timeless classics, our collections are designed to cater to diverse tastes, ensuring that every space brightens with a unique and captivating ambiance.

Experience the distinction of lighting that transcends mere functionality, creating an atmosphere of enduring beauty and grace.

HYBEC[®] AIR
STYLE THAT CIRCULATES

INTRODUCTION

With over two decades of industry experience, HYBEC is an established lighting brand specialising in intelligently designed architectural lighting solutions, developed in close collaboration with architects and interior designers.

Building on this legacy, HYBEC AIR emerges as a dedicated air-circulation vertical extending HYBEC's design philosophy beyond lighting into movement and airflow. A design-led brand, HYBEC AIR combines precision engineering with refined aesthetics to deliver elevated performance. Crafted for discerning spaces, its fans provide powerful yet silent airflow, integrating seamlessly into modern interiors with a clean, understated presence.

Engineered to balance performance and elegance, each HYBEC AIR fan is devoped using energy-efficient technology, premium finishes, and enduring materials. Ideal for luxury residences, sophisticated commercial spaces, and hospitality environments, the collection enhances architectural vision while transforming everyday airflow into a refined design experience where style truly circulates.

FEATURES

A VERSATILE PALETTE FOR EVERY INTERIOR

This catalogue presents a curated range of fans alongside carefully developed colour and finish palettes, allowing each design to integrate seamlessly into its surroundings. Together, they create a visual language where airflow, architecture, and aesthetics move in harmony.

Selecting the right fan goes beyond performance-it is about shaping a space with clarity and cohesion. Thoughtful design, finish, and tone play a vital role in how a room feels and functions.

ENGINEERING EXCELLENCE

HYBEC AIR is built around technology-driven comfort. Advanced power saving motor systems, precision-balanced blades, and optimized airflow engineering work together to deliver consistent performance. Transforming everyday air circulation into a refined, high-performance experience.

Choosing The Right Fan For Your Home

Choosing the correct ceiling fan size is key to ensuring optimal airflow and comfort. Here's a simple guide to help you select the right fan size based on your room dimensions.

Dining room

10 x 10Ft

(over 100 square feet or less)

46" - 42" fans

ex: Study room, Office room.

Kitchen

12 x 12Ft

(over 140-150 square feet)

48" - 50" fans

ex: Study room, Office room.

Children's room

14 x 14Ft

(over 190 - 200 square feet)

50" - 52" fans

ex: Dining room, large walk in wardrobe.

Bedroom

16 x 16Ft

(over 250 - 260 square feet)

56" or bigger fans

ex: Bedroom, formal dining room, larger kitchen.

Living room

20 x 20Ft

(over 400 square feet)

66" or bigger fan / also multiple

ex: Master suite, large patio.

OUR MANUFACTURING EXCELLENCE

At HYBEC AIR, manufacturing is built on precision engineering, advanced technology, and uncompromising quality. Our state-of-the-art production facility helps us to provide superior motor performance in every fan we produce. Each fan is meticulously tested in specialized acoustic chambers, where sound levels are measured and optimized to deliver smooth, quiet airflow perfect for modern living spaces. Performance and air delivery are validated through controlled airflow testing systems, ensuring maximum efficiency and balanced circulation. To ensure long-lasting durability and flawless finish, key components undergo rigorous salt spray testing, simulating extreme environmental conditions to evaluate corrosion resistance. This technology-driven manufacturing approach ensures that every HYBEC AIR fan delivers exceptional performance, reliability, and refined design, setting new benchmarks in comfort, innovation and style.

Ceiling Energy-Efficient

Designed for everyday living with conscious efficiency, the HYBEC AIR Ceiling Energy-Efficient fans brings together performance, durability, and understated style. Engineered to deliver powerful air circulation while consuming minimal energy, this range is ideal for modern homes that value comfort without compromise. With thoughtfully curated colour schemes, the fans adapt effortlessly to diverse interiors from clean contemporary spaces to warm, comfort-driven everyday homes. Reliable, quiet, and refined, this category represents HYBEC AIR'S commitment to smarter living and sustainable design.

MOTOR WITH THERMAL
OVERLOAD PROTECTOR

SUITABLE FOR RECESSED CEILING

WHITE

ACCESSORIES EXTRA

SWEEP	RPM	MOTOR POWER (W)	CUTOUT	PIPE SIZE
200mm	1400	35W	8X8"	Ø4"

FLEXIBLE AIR ALUMINUM DUCTING
KITCHEN VENTILATION TUBE

CEILO SERIES

ITEM NO.:HYFC-1925

NOISE FREE

PERAMETRICAL AIR
EXTRACTION

100% PURE COPPER
WIRE MOTOR

VOLTAGE / FREQUENCY
AC 220V-240V 50Hz

8 PP BLADES

HIGH AIR SUCTION

MOTOR WITH THERMAL
OVERLOAD PROTECTOR

INSTALLATION & SAFETY ESSENTIALS

- Disconnect the power supply before installation, servicing, or cleaning.
- Use only Hybec Air-recommended mounting components for secure installation.
- Maintain sufficient clearance around the fan to ensure unobstructed airflow.
- Ensure a minimum distance of 2.3 meters (7.5 ft) between the blades and the floor.
- Clean using a soft, dry or lightly damp cloth—avoid water exposure and harsh cleaning agents.
- Do not install in moisture-prone areas unless the model is rated for such conditions.
- Follow the official installation guidelines for optimal safety and performance.

PERFORMANCE CHECK & SUPPORT

Fan Not Operating

- ✓ Confirm the power supply is active and circuit protection (fuse/MCB) is functioning.
- ✓ Ensure all wiring connections are properly secured.
- ✓ Verify compatibility of controls—avoid use with non-recommended regulators or dimmers.
- ✓ For remote models, check proper pairing and battery functionality.
- ✓ Ensure consistent voltage supply without fluctuations.

Unusual Sound or Vibration

- ✓ Check and tighten all screws, including motor housing and blade fixtures.
- ✓ Ensure blade brackets are aligned and securely fitted.
- ✓ Confirm blades are free from contact with any surface or obstruction.
- ✓ A brief run-in period is normal; minor initial sound typically settles with usage.

WARRANTY & DISCLAIMER

Warranty Period:

- All fans : Covered under a 3 year warranty for the motor and 1 year comprehensive warranty against manufacturing defects.

Warranty Terms & Conditions:

This warranty is applicable only under proper usage and stands void under the following conditions:

- Incorrect or improper installation.
- Installation or usage in damp, wet, or outdoor environments (unless specified).
- Use of incompatible regulators, dimmers, or simultaneous control systems with remote-operated fans.
- Damage due to mishandling, negligence, accidents, or unauthorized modifications.
- Breakage of components such as blades, motor housing, or decorative elements not caused by manufacturing defects.
- Electrical damage caused by power surges, voltage fluctuations, or use with alternative power sources (inverters, solar systems, UPS, generators & etc).
- Use of fan with incompatible automation systems or dimmers for speed control.
- Repairs, servicing, or alterations carried out by unauthorized personnel.
- Variations in color, finish deterioration, paint peeling, or rusting caused by environmental exposure such as humidity, coastal conditions, or improper maintenance practices.
- Remotes, controllers, and batteries are not in warranty
- Absence of valid proof of purchase.

Service & Support:

- Hybec Air reserves the right to determine the applicability of warranty.
- Under valid warranty claims, defective parts will be repaired or replaced at the company's discretion.
- If on-site service is not feasible, the product must be securely packaged and sent to the authorized service center. Assistance for logistics may be provided.

Disclaimer:

- Product specifications, designs, and finishes are subject to change without prior notice.
- Prices are subject to revision without notice.
- Actual product appearance may slightly vary from images or renders.
- Custom or made-to-order products may require extended delivery timelines.
- Hybec Air shall not be liable for incidental or consequential damages arising from product use.
- All consignments dispatched by Hybec Air will be sent through the company's designated courier partners via surface mode, free of cost.
- Dispatches requested through alternative courier services or transport channels, as specified by the client, will be arranged at an additional cost.
- Any shipment requiring expedited delivery via air courier will be chargeable.
- Expenses related to special installation equipment such as ladders, scaffolding, lifts, or tools.
- All disputes are subject to Mumbai jurisdiction.

IMPORTANT NOTICE

- Any claims regarding missing parts, transit damage, or defects must be reported within 72 hours of delivery.
- Claims raised beyond this period may not be entertained.
